Sir:

The reference to CIA in Frank Getlein's feature on page 123 of the December issue of The Washingtonian is not just an example of black humor in abominable taste. It is a deliberate and lying insult to the men and women of the Central Intelligence Agency. It is a painful mockery of the life and memory of Richard Welch which neither his family nor his proud colleagues can excuse. STATINTL

STATINTL

Dear Mrs. Neubauer:

Thank you for your note of 16 November. I am looking forward to a visit to Grand Junction and to addressing the Knife and Fork Club on January 12. My Executive Assistant, [redacted] will send you a bio sketch and a 2" x 3" black and white glossy print as you requested.

STATINTL

The title of the talk will be "CIA in a Changing Environment." I plan to discuss the nature and purposes of American intelligence, give a brief description of the history of the Agency, and discuss some ways in which we contribute to our country's security.

Your offer of transportation and reservations is much appreciated but not necessary. I will be traveling with an assistant, however, and he will be making arrangements for us.

I look forward to meeting you in Grand Junction.

Faithfully yours,

Deputy Director
Central Intelligence Agency

Dear Mr. Director:

I received your letter of October the 15th on time, but have delayed answering it until I had something definite relative to your appearance here in Mesa County Colorado.

This morning I was called by the President of the Knife and Fork Club of this part of Colorado, and they suggested that they would like to have you make your presentation before their membership with their guests. There are between 400 and 500 who will be present on such an occasion. It, of course, is one of the best groups that we have here in the West. If you have some personal friends that you would like to have present, I would be glad to have their names and see to it that they are guests of mine.

The date which they have open is January the 12th, a Wednesday. I know that in your letter you suggested that an appearance during the middle of the week would be more difficult for you than otherwise. But, it would be wonderful if you could make this particular date. It would give you the best kind of an audience, and we would do our best to make your stay with us as enjoyable and comfortable as possible. I would appreciate it if you would have your

With best wishes.

Dear Mr. Aspinall:

It was with pleasure that I received your letter of October 11. And, as I have said before, I would be most pleased to come to western Colorado to address the kind of group you suggest.

You and any other sponsors of such an event need have no concern about expenses. I would consider it neither proper nor otherwise advised to make any charges for such an occasion. In addition, I may have misled you somewhat in my letter of 26 August in which I talked about the need for security and tranquility. What I meant was that we do not, for obvious reasons, seek to make a public presentation to an audience which would by its nature be hostile and potentially violent in the presence of "members of the establishment."

Fortunately, nowadays, there are few locations and crowds where such circumstances exist. Certainly, circumstances of that kind are not in question in western Colorado.

As to suggested dates, I can arrange things to suit your convenience. A Friday evening or Saturday evening would suit me best. Possibilities are:

Saturday, November 6th
Saturday, November 13th
Friday, November 26th
Saturday, November 27th

STATINTL

If a mid-week date would be preferable, I think we could work it out. Just give me or my Executive Assistant, , a call on

Best regards.
